PD, RRH - Minimum Inspection Requirements

Minimum Inspection Requirements

HQS INSPECTION CHECKLIST: Listed below you will find a list of the most common reasons found for a unit to fail **Housing Quality Standards (HQS)**. Please look your unit over carefully before the inspector comes out. We will be unable to enter into contract with any unit that fails HQS inspection. If you have additional questions, you may contact EDEN, Inc. at (216) 961-9690. Thank you for your anticipated cooperation.

- All utilities: electric, gas and water **MUST BE ON** in order for unit to pass inspection for any type of HQS inspection. Inspectors must be able to verify that all utilities are in working order.
- If Landlord is supplying appliances, these appliances must be present, installed and working to receive credit for usage.
- All ceilings, walls and floors must be strong, sturdy and in their permanent positions.
- All floors must be free of tripping hazards and transition strips are needed between floor types.
- A working smoke detector with a live battery **must be installed on every level of the unit** including the basement and outside of sleeping rooms. If any members of the family are hearing impaired, a detector with a visual signal must be installed.
- The entire unit, both inside and outside, including window frames, must be free of cracking, scaling, peeling, chipping and loose paint. This prevents exposure to possible lead-based paint hazards with or without children 6 years old and younger.
- Where there are three or more consecutive steps and a landing, handrails must be securely attached. This applies to both the interior and exterior of the unit. All heights, inside or outside, must have a handrail on both sides to protect fall hazards.
- The unit must be free of roaches, rodents, or any other infestations.
- The entire unit, interior and exterior, including garages, must be free from electrical hazards. There may be no loose, hanging or exposed wires. All three-prong outlets must be wired correctly. A three-prong GFI circuit tester will be used at the time of inspection to assure safety.
- GFI's must be installed in existing outlets, inside and outside including garages and exterior outlets, but all within five feet of water sources. These must be properly grounded and will be tested with a GFI tester as well.
- Every room used for living must have either three working outlets or two working outlets and a permanently installed light fixture. At a minimum, each bathroom must have a permanently installed light fixture.

- All sinks must have traps except for the laundry tub with flowing and open drains.
- The bathroom must have either an openable window or an exhaust fan for ventilation to the outside.
- The hot water tank's temperature pressure relief valve must have a threaded discharge line extending down to six inches from the floor.

- The unit must be free from any accumulation of garbage or debris, both inside and outside.
- The owner must provide adequate "refuse disposals" to all dwellings. These facilities include trash cans with covers, garbage chutes, and dumpsters with lids approved by the local Health and Sanitation Department.

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.
